This is not a contract. This benefits summary presents plan highlights only. Please refer to the policy/ plan documents, as limitations and exclusions apply. The policy/ plan documents control in the event of a conflict with this benefits summary.
(1) Your group's benefit period is based on a Calendar Year which runs from January 1 to December 31.
(2) The Network Total Maximum Out-of-Pocket (TMOOP) is mandated by the federal government. TMOOP must include deductible, coinsurance, copays, prescription drug cost share and any qualified medical expense.
(3) Services are limited to those listed on the Highmark Preventive Schedule (Women's Health Preventive Schedule may apply).
(4) Treatment includes coverage for the correction of a physical or medical problem associated with infertility. Infertility drug therapy may or may not be covered depending on your group's prescription drug program.
(5) Highmark Medical Management & Policy (MM&P) must be contacted prior to a planned inpatient admission or within 48 hours of an emergency or maternity-related inpatient admission. Be sure to verify that your provider is contacting MM&P for precertification. If this does not occur and it is later determined that all or part of the inpatient stay was not medically necessary or appropriate, you will be responsible for payment of any costs not covered.
(6) The Highmark formulary is an extensive list of Food and Drug Administration (FDA) approved prescription drugs selected for their quality, safety and effectiveness. The formulary was developed by Highmark Pharmacy Services and approved by the Highmark Pharmacy and Therapeutics Committee made up of clinical pharmacists and physicians. All plan formularies include products in every major therapeutic category. Plan formularies vary by the number of different drugs they cover and in the cost-sharing requirements. This formulary covers all FDA-approved generic and brand-name drugs. Under the soft mandatory generic provision, when you purchase a brand drug that has a generic equivalent, you will be responsible for the brand-drug copayment plus the difference in cost between the brand and generic drugs, unless your doctor requests that the brand drug be dispensed. The Copay Armor program helps members to afford high cost medications (mostly specialty) by leveraging manufacturer coupon dollars. Members will not need to change where prescriptions are filled and will be contacted by Pillar Rx for cost savings enrollment. If eligible members do not enroll in this money-saving program at no additional cost, then a new 30% coinsurance will apply to certain high-cost medications. However, if eligible members enroll in Copay Armor, the manufacturer coupons will reduce out-of-pocket costs to $0 or a nominal fee, depending on the medication. Please note that when members use Copay Armor, only the amount a member pays for the prescription will apply towards the member's annual out-of-pocket maximum
(7) Air Ambulance services rendered by out-of-network providers will be covered at the highest network level of benefits
